

TINTENBAR TO EWINGSDALE UPGRADE

Progress Update No 3 – April 2005

Planning for this project is funded by the NSW State Government.

This is the third in a series of updates on the project to identify a highway upgrade route from Tintenbar to Ewingsdale.

An expanded study area

The RTA has extended the study area between Tintenbar and Ewingsdale to include additional areas to the east.

The decision follows extensive community representations since November 2004 as well as investigations undertaken by the RTA. These investigations indicated that there are feasible route options to the east in the area shown on the adjacent map.

The RTA will continue to investigate route options in the initial study area as well as the expanded study area.

The RTA will ensure communities in the extended study area are notified and can be involved in the investigations.

Detailed investigations of all feasible route options within the study area will now proceed, with options to be placed on display for community comment when they have been developed.

Community information sessions

The community is invited to meet with the project team to discuss progress to date and the expanded study area on:

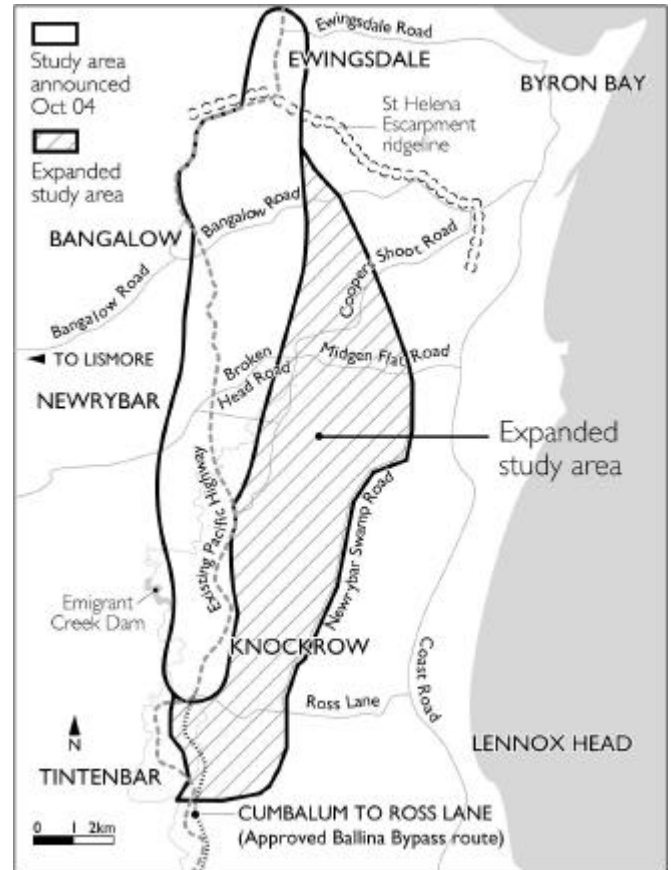

Wednesday 20 April 2005
6.30pm to 9.30pm
Agriculture and Industry Hall, Bangalow

Thursday 21 April 2005
6.30pm to 9.30pm
Broken Head Hall

Community liaison group

The community liaison group (CLG) will now be re-formed to represent community interests in the new study area. The closing date for additional CLG nominations is **Thursday 28 April 2005**. If you are interested in being involved, or wish to know more about the CLG, please contact the project information line on 1800 882 787.

Copies of the revised study area map and CLG nomination pack are available by downloading a copy from the project website at www.rta.nsw.gov.au/pacific (click on Tintenbar to Ewingsdale) or by contacting the project information line on 1800 882 787.
