

Upgrading the Pacific Highway

Tintenbar to Ewingsdale

Route Options' Submissions Report

The NSW Roads and Traffic Authority (RTA) displayed options for the upgrading of the Pacific Highway between Tintenbar to Ewingsdale in November 2005.

Significant community feedback was received as a result of this display. The Route Options' Submissions Report details these submissions and provides responses to the issues raised by the community.

More information is available in the April 2006 Tintenbar to Ewingsdale Route Options Submissions Report.

Copies of the update and report are available from the project website or by contacting the project information line (details below).
